

PRESS RELEASE

2-1-2012

Douglas Dobbs and Erik Panke appointed to the Board of Directors of Idaho North Resources

Idaho North Resources wishes to announce the appointment of Douglas Dobbs and Erik Panke to the Board of Directors of the Company.

Mr. Dobbs brings more than 20 years of experience in mining industry finance and corporate strategic planning to the board of Idaho North Resources. Most recently, he has performed the role of Vice President Corporate Development and Finance with Mines Management, Inc., an NYSE-Amex listed company engaged in the advancement of the large Montanore Silver-Copper Project. At Mines Management, he has been instrumental in strategic planning and corporate development activities, oversees regulatory and stock exchange related activities, and contributed to financing activities totaling more than \$70 million since 2002. Prior to joining Mines Management, Mr. Dobbs led corporate development and strategic planning activities for Avista Labs Corporation, an energy technology company involved in the development and marketing of hydrogen powered fuel cells. Prior to joining Avista Labs, Mr. Dobbs was an investment professional with Piper Jaffray Corporation, and founder of an investment management firm focused on investment in precious metals and money management. Mr. Dobbs holds a bachelor-of-arts degree in economics from Hillsdale College, and held a variety of licenses issued by the securities industry regulatory organizations, including the SEC and NASD.

Mr. Panke has more than 25-years' experience in corporate finance, including 22-years with Washington Group International, a multi-billion dollar engineering, mining, construction, and program management firm. With Washington Group International, Mr. Panke was a senior business administration manager involved in projects ranging from \$5 million to more than \$1 billion. He has been the CFO and accounting manager for United Silver Corp., a junior mining company with projects in North Idaho's Silver Valley. Mr. Panke also has been active in a number of project start-ups, mergers and acquisitions. Mr. Panke holds a BA degree in Business Administration/Management from the College of Idaho.

Idaho North Resource's President Mr. Mark Fralich, stated, "We are pleased with the high level of expertise that Mr. Panke and Mr. Dobbs bring to the team." "Their combined experience in the industry adds significant value to our company."

About Idaho North Resources

Idaho North Resources is a U.S. based junior mining company involved in exploring for and developing gold, silver and base metal resources in Idaho and Nevada. The Company has a portfolio of silver/gold mineral properties near Tonopah, in Esmeralda county, Nevada, and a gold/silver property south of Fallon, in Mineral county, Nevada. The Company's stock is privately held and does not currently trade on any public market or exchange.
